*NOVEL CANCER THERAPY EMERGES FROM FAU'S CENTER OF  
EXCELLENCE IN BIOMEDICAL AND MARINE BIOTECHNOLOGY*

(June 21, 2006) - BOCA RATON, Fla., -- Florida Atlantic University announced today an exclusive license agreement with CHS Resources LLC for a novel cancer therapy which has emerged from its Center of Excellence in Biomedical and Marine Biotechnology. CHS Resources will develop and ultimately commercialize patent pending technology for the treatment of skin cancer.
